DESIGN CHECKLIST

Please make sure that your design for Edmonds Community College incorporate the following elements.

☐ Logos

Primary (Horizontal) Logo

Edmonds Community College’s primary logo is a horizontal combomark made up of a logomark, “The Trident,” and a logotype. You should use the full color logo on white or very light colored backgrounds, use the white logo on any colored background, and use the black logo in special cases were neither of the other logos work. Note that the logo should always be highly visible and have room around it.

Secondary (Vertical) logo

The vertical logo should be use sparsely, mostly if it looks better considering how much room you have to use the logo.

☐ Fonts

Typography is very important for the new Edmonds CC brand. The primary fonts are Lato and Gotham Bold. Gotham Bold is best use for title and big headings, while Lato is used for all reminder of text. The preferred form of Lato to be used is Lato Light, but the many forms of Lato can be used to highlight parts of the text.

Both fonts are available at the following addresses:
